EXPERIENCE

Caller ID Reputation, San Clemente, CA (Remote)   May 2024 - Present
Software Engineer
- Developed a full-stack internal dashboard providing real-time company and operation statistics, enhancing data accessibility and decision-making for staff.
- Trained a PyTorch model to detect anomalies in images, enabling rapid alerts through Slack, which streamlined problem identification and resolution.

Project Empower (Remote)   May 2024 - Present
Backend Developer
- Developed backend for a note-taking app using Node.js, Express, and MongoDB, creating a RESTful API to manage data and support user functionality.

PROJECTS

Game Day Grill (gamedaygrill.pages.dev)   September 2023 – April 2024
- Worked with a team to develop a website for a fictional sports grill using SvelteKit and Tailwind CSS, focusing on responsive design and user experience.
- Placed third at the BPA 2024 NLA conference, incorporating accessible design and functionality decisions to enhance user engagement and inclusivity.

LEADERSHIP & COMMUNITY INVOLVEMENT

The Ohio State University, Columbus, OH   August 2024
R-Lead and Ohio State Welcome Leader (OWL) Member
- Engaged in leadership development workshops, enhancing my ability to contribute positively to campus life by fostering a supportive and inclusive community.
- Assisted new students during move-in and orientation, providing guidance and support to ensure a smooth transition. Helped create a welcoming environment, making campus feel like home for new students.
